With a fresh new full-color design and a host of updated exercises and activities, the popular Focus on Grammar series is more practical and accessible than ever. Known for its focus on English grammar through contextualized listening, speaking, reading, and writing activities, this lively integrated skills course helps students bridge the gap between comprehending grammatical structures and actually using them.

Centered on thematic instruction, Focus on Grammar combines controlled and communicative practice in a consistent approach that’s a proven success among students at all levels. Each unit progresses through four steps: Grammar in Context, Grammar Presentation, Focused Practice, and Communication Practice, using a new color-coded format that makes the program easy for students to understand — and for teachers to implement.

Each Student Book features:
• Clear presentations and charts that make grammar easy to learn.
• Creative activities that stimulate communication.
• New high-interest readings that are rich in content.
• From Grammar to Writing sections that build composition skills.
• Review Tests to confirm progress and improve scores on standardized tests.
• New Internet activities for individual, pair, or group work.
• New full-color pages that engage students in every activity.

Components:
• Workbooks offer a wealth of additional exercises.
• Audio CDs provide opportunities for both task-based and extended listening.
• CD-ROM software features contextualized, interactive activities for listening, reading, and writing practice.
• Teacher’s Manuals include numerous teaching tips, audioscripts for all recorded exercises, and a CD-ROM with PowerPoint presentations and blackline masters. Also includes Student Book Answer Key.
• New Assessment Package for each level features placement, diagnostic, and achievement tests; audio CD with scripts; test-generating software with thousands of items to create class-appropriate tests; and grammar proficiency tests developed by Educational Testing Service (for levels 4 and 5).
• Transparencies of all grammar charts in the Student Books help instructors point out important patterns and structures.
• Test-generating CD-ROM allows teachers to create and customize tests quickly and easily, and is available alone or in the Assessment Package.
• Companion Website provides students with grammar practice in new contexts through web-based exercises.

Focus on Vocabulary
Mastering the Academic Word List
Diane Schmitt and Norbert Schmitt

High-Intermediate – Advanced

Let Focus on Vocabulary give your students a head start to academic and test-taking success. Focus on Vocabulary introduces students to the Academic Word List, the most frequently used words in academic texts.

With its thorough recycling of academic words and well-crafted exercises, Focus on Vocabulary brings students closer to a full understanding of the new vocabulary while teaching them useful strategies for succeeding in any academic situation, from writing a paper to participating in class discussions.

Features:
• Each chapter presents 24 target words, featured first in an academic reading passage, then in a variety of exercises to reinforce meaning, usage, form, and collocation.
• Collocation exercises — based on the 179 million-word new Longman Corpus — reflect how academic words are used in real contexts.
• Review and Strategy Practice — including tips for dictionary usage, information about word parts and affixes, and methods for expanding word knowledge — is provided at the end of each unit.

Contents
Our Changing Society • Consumer Behavior and Marketing • Workplaces and Work Spaces • Use and Abuse of Natural Resources • We Are What We Eat • Encounters with Music and Sound • Animal Nature

Students assess their knowledge of each target word both before and after they work through the chapter.

Reading passages lend themselves to a wide range of reading-based tasks.
