NOTE: Prices in this catalog are valid through September 30, 2007. For additional information see page 128.

In January 2007, the length of the International Standard Book Number (ISBN) is changing from 10 to 13 digits. The change applies retrospectively to all existing ISBNs. This catalog lists the “ISBN-10” and “ISBN-13” versions of an ISBN. You may place orders with us using either the ISBN-10 or ISBN-13. However, beginning January 2007, use of ISBN-13 is the preferred. For more information, please visit our website at www.pearsoned.com/isbn-13.
