8 Read the letter. Then write T if the statements are true, and F if they are false. [8 points]

Dear Elena,

Thanks for the letter. How are you?

I'm very well. Let me tell you about my new middle school. I really like it. It's an old school, and it's in the center of our town. There are about 350 students, so it's not very big. There are only 20 students in my class, and 10 of them are from my elementary school, so I have a lot of friends.

Classes here are from 9:00 to 3:30. We have a 20-minute break at 11:00 and a 45-minute lunch break. I eat lunch in the cafeteria at school, or sometimes I take sandwiches.

We have ten different subjects. I'm learning Spanish! Can you believe it? The teacher's name is Señora Campos, and she's really funny. Spanish is my favorite subject! There's a big library with lots of books and computers, and a good gym where we have PE. There are also science labs where we do experiments, and a computer room. The only bad thing is the homework. We have lots and lots!

Write soon and tell me about your new school. Andrew and Tim say hi.

Love,
Charlie
