- Gemma:** I'll be a(n) \_\_\_\_\_ when I grow up. I'll work with young children, maybe five or six years old, because they're my favorites. They'll learn lots of things with me and the classes will be a lot of fun.
- Andy:** I'll be a(n) \_\_\_\_\_ when I grow up. I'll deliver things all over the U.S. and see lots of interesting cities in different states. Obviously I won't be at home very much, but I'll have lots of stories to tell when I am.
- Marta:** I'll be a(n) \_\_\_\_\_ when I grow up. I'll draw the kind of building I want and then I'll spend some time at the building site, watching my design become real. I'll design all kinds of different things, like bridges or hospitals.
- Sam:** I'll be a(n) \_\_\_\_\_ when I grow up. I'll play for the best team in the world and I'll score a lot of goals. If I'm lucky, I'll play for my national team in the World Cup and maybe play in the final.
