**Shakespeare's Theater**

In our small town of Lankshire one of the most popular forms of entertainment is Shakespeare's Theater. Every two weeks there is a new play to see. This weekend we are planning to take the whole family. My wife is looking forward to going and so is my youngest daughter. If Sir John is performing, there will be a very large audience. He is a true dramatic artist with many talents. He sings, dances, and even juggles.

If the weather is nice this weekend, we are going to watch the new play at Shakespeare Theater. In Shakespeare's Theater, people sit on benches in covered galleries or stand around the stage in the open air. But if it rains, our plans will change. We will buy standing room space only because the benches are no longer available. My wife is worried about our daughter getting wet. If this happens, I would still like to go, but my wife and my daughter will probably stay at home.
