

Correlations between Longman English Assessment (LEA) and TOEFL and TOEIC

Follow these steps to convert Longman English Assessment percentage scores in *Listening*, *Writing*, and *Reading* into an approximate TOEFL® or TOEIC® score.

Note that you must take all 3 Longman English Assessment (LEA) skill tests (Listening, Writing and Reading) to obtain a TOEFL or TOEIC correlation, and that the 3 skill tests must all be at the *same* level (Beginning, Intermediate, or Advanced).

1. Gather your LEA score for each skill test. For example:

<i>Beginning Listening percentage score</i>	70%
<i>Beginning Writing percentage score</i>	80%
<i>Beginning Reading percentage score</i>	90%

2. Add the three scores to obtain a sum of the percentage scores.

<i>Sum of the percentage scores</i>	240
-------------------------------------	-----

3. Divide the sum by 3 to obtain an average of the percentage scores.

<i>Average of the percentage scores</i>	80%
---	-----

4. Use the correct table (depending on whether you took the Beginning, Intermediate, or Advanced skill tests) to determine your approximate TOEFL or TOEIC score.

<i>Approximate TOEFL score</i>	440
<i>Approximate TOEIC score</i>	475

LEA / TOEFL / TOEIC Correlation Tables

Average of Percentage Scores on Beginning Level LEA Skill Tests <i>(Listening, Writing, Reading)</i>	Approximate Overall TOEFL Score	Approximate Overall TOEIC Score
100%	480+	575+
90%	460	525
80%	440	475
70%	420	425
60%	400	375
50%	380	325
Average of Percentage Scores on Intermediate Level LEA Skill Tests <i>(Listening, Writing, Reading)</i>	Approximate Overall TOEFL Score	Approximate Overall TOEIC Score
100%	580+	830+
90%	560	776
80%	540	726
70%	520	676
60%	500	626
50%	480	576
Average of Percentage Scores on Advanced Level LEA Skill Tests <i>(Listening, Writing, Reading)</i>	Approximate Overall TOEFL Score	Approximate Overall TOEIC Score
100%	677	990+
90%	650	990+
80%	620	926
70%	600	876
60%	580	826
50%	560	776
