

## How to Enroll

To start using MyNorthStarLab, first you need to register. After you have register, you need to enroll in a course. Type in your login name and password, and then click “Login.”

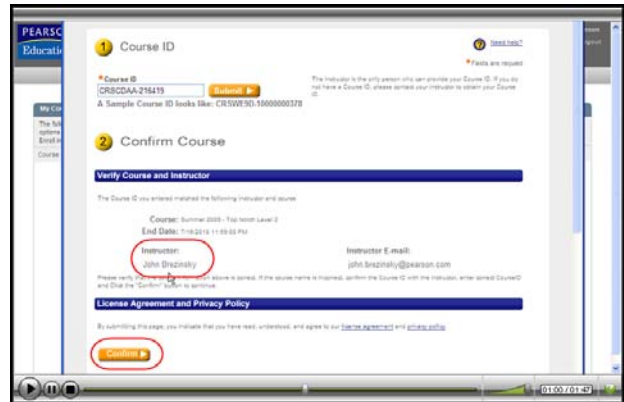

Click on “Enroll in a Course” next to “My Courses.”

Type the Course ID that the instructor gave to you, and then click “Submit”.

Check your instructor name and click “Confirm”. Finally, click “Enter Course Now”.

Your course will be listed on the left. Now you can enter your course by clicking on the top line.

Now you are ready to start using the course.
