Name \_\_\_\_\_

## Video Activity Worksheet

### Unit 4: Justice

### Forensic Science

### Comprehension

#### Predict

*This video discusses forensic science and criminal law. Before you watch the video, answer the question.*

Where do you think scientists work?

#### Focus

*Watch the video. Answer the following question.*

What kind of scientist is the man in the video?

#### Comprehension A

*How do scientists help in criminal law? Check (✓) all that are true.*

- Scientists can identify victims from their teeth.
- Scientists help bring criminals to jail for questioning.
- Scientists can determine if a person was poisoned.
- Scientists interview witnesses at a crime scene.

#### Comprehension B

*Choose the correct answer. Circle a, b, or c.*

Which of the following is not an example of physical evidence?

- a. a bullet      b. a human cell      c. a witness's account

#### Comprehension C

*Match the scientist with the correct skill.*

- |                |                |
|----------------|----------------|
| Pathologist    | identify teeth |
| Anthropologist | identify bones |
| Odontologist   | examine bodies |

### Speaking

*Choose one of the topics. Record and submit a one-to-two-minute response.*

- Do you think it would be interesting to be a scientist who works with the law?
- Do you think scientists who work with the law are able to help people? Why?

### Writing

*Which type of science do you like the most? Write about an area of science you would like to know more about.*
