## Video Activity Worksheet

### Unit 9: Climate Change

#### Going Green: Your Carbon Footprint

### Comprehension

#### Predict

*In this video, you will learn about how people's daily activities can have a negative impact on global warming. Before you watch the video, answer the following question.*

What are some ways people can reduce carbon emission?

#### Focus

*Watch the video. Answer the following question.*

The video mentions one big factor in carbon emissions. What is it?

### Comprehension A

*Choose the correct answer for each question. Circle a, b, or c.*

1. In what city are many of the environmentally friendly moves being made?  
a. Los Angeles      b. San Francisco      c. New York      d. Chicago
2. How much carbon dioxide or other related gas does the average American generate?  
a. 2 tons      b. 12 tons      c. 20 tons      d. 200 tons
3. What car does Daniel Oppenheim love, own, and drive?  
a. School bus      b. Toyota Prius      c. Land Rover      d. A vintage van

### Comprehension B

*Check (✓) three ways Peter Boyer reduces his carbon footprint.*

- He installed solar panels.
- He turns off the lights in the house as often as possible.
- He bikes to work.
- He has energy efficient appliances in the house.
- He drives a hybrid car.

### Speaking

*Record and submit a one-to-two-minute response to the following question.*

Do you consider yourself to be environmentally conscientious? Why or why not? If you are, what type of actions do you take to help the environment? If you're not, what type of actions can you take to help the environment?

### Writing

*Write a paragraph comparing the two men Charles Gibson interviews in the video (Daniel Oppenheim and Peter Boyer).*
