the first Americans may have come from northern Asia.

It settled in North, Central, and South America.

Us can lern a lot from reading about Native americans.

Tribes in the Northeast were very skilled. you hunted, fished, and grew crops.

Native Americans on the Plains became nomads after we got horses from the spanish.
Answer: The first Americans may have come from northern Asia.

Answer: They settled in North, Central, and South America.

Answer: We can learn a lot from reading about Native Americans.

Answer: Tribes in the Northeast were very skilled. They hunted, fished, and grew crops.

Answer: Native Americans on the Plains became nomads after they got horses from the Spanish.
### WEEK 2

#### DAY 1
Pueblo tribes performed Snake Ceremonies, and you irrigated your crops.

#### DAY 2
The Navajo were thankful to the Pueblo for teaching them potter making.

#### DAY 3
The Makah had potlatches, where they would give away some of their property.

#### DAY 4
The Cherokee, a tribe of Native Americans of the Southeast, lived in planned villages.

#### DAY 5
The path they travel after being driven from their land become known as the Trail of Tears.
**DAY 1**

**Answer:** Pueblo tribes performed Snake Ceremonies, and they irrigated their crops.

**DAY 2**

**Answer:** The Navajo were thankful to the Pueblo for teaching them pottery making.

**DAY 3**

**Answer:** The Makah had potlatches, where they would give away some of their property.

**DAY 4**

**Answer:** The Cherokee, a tribe of Native Americans of the Southeast, lived in planned villages.

**DAY 5**

**Answer:** The path they traveled after being driven from their land became known as the Trail of Tears.

**DAY 1**

**Answer:** Woody Guthrie wrote the well-known song “This Land Is Your Land.”

**DAY 2**

**Answer:** The majesty of America’s natural beauty thrilled him.

**DAY 3**

**Answer:** He was a famous American songwriter.

**DAY 4**

**Answer:** He died in 1967.

**DAY 5**

**Answer:** He wrote more than a thousand songs.
DAY 1
Authors of historical fiction combine imaginary elements or real people, places, and events.

DAY 2
The Explorers wanted to find a water route to the Pacific, learn about Native Americans, draw maps of the new territory.

DAY 3
Mocassins are made of leather or are worn on the feet.

DAY 4
Lewis or Clark needed horses to carry supplies across the mountains.

DAY 5
Sacagawea served as an interpreter or take care of her very young child.
DAY 1

Answer: Authors of historical fiction combine imaginary elements with real people, places, and events.

DAY 2

Answer: The explorers wanted to find a water route to the Pacific, learn about Native Americans, and draw maps of the new territory.

DAY 3

Answer: Moccasins are made of leather and are worn on the feet.

DAY 4

Answer: Lewis and Clark needed horses to carry supplies across the mountains.

DAY 5

Answer: Sacagawea served as an interpreter and took care of her very young child.
DAY 1
the first people to greet Sacagawea was Lewis and Clark.

DAY 2
The men had blistered or cut their foot on the stones in the river.

DAY 3
Sacagawea noticed that her people had been there recently, and her became very excited.

DAY 4
The chief took three puff from her peace pipe and repeated the ceremony three times.

DAY 5
Ellen Levine write both fiction and nonfiction.
DAY 1

Answer: The first people to greet Sacagawea were Lewis and Clark.

DAY 2

Answer: The men had blistered and cut their feet on the stones in the river.

DAY 3

Answer: Sacagawea noticed that her people had been there recently, and she became very excited.

DAY 4

Answer: The chief took three puffs from his peace pipe and repeated the ceremony three times.

DAY 5

Answer: Ellen Levine writes both fiction and nonfiction.
A relief map can show you whether the land have plains, hills, mountains

Elevation is measured in both meters or feet.

The scale show both kilometers or miles.

Coastal cities have some land at see level or some land above see level.

Should we take a fast trip on flat land and a scenic route through the mountains
Answer: A relief map can show you whether the land has plains, hills, or mountains.

Answer: Elevation is measured in both meters and feet.

Answer: The scale shows both kilometers and miles.

Answer: Coastal cities have some land at sea level and some land above sea level.

Answer: Should we take a fast trip on flat land or a scenic route through the mountains?
A huge redwood tree and a small mouse are both organisms.

She is an organism.

Some organisms, such as bacteria, are so small that you cannot see them.

A species is a group of very similar organisms.

A habitat provides shelter, a livable temperature, and food.
DAY 1

Answer: A huge redwood tree and a small mouse are both organisms.

DAY 2

Answer: She is an organism.

DAY 3

Answer: Some organisms, such as bacteria, are so small that you cannot see them.

DAY 4

Answer: A species is a group of very similar organisms.

DAY 5

Answer: A habitat provides shelter, a livable temperature, and food.
An ocean or a lake are very different habits.

Amphibians live on land and in water.

They are learning a lot about different species.

An ecosystem contains living and nonliving things.

Nonliving things include air, light, water, rocks, and soil.
**DAY 1**

Answer: An ocean and a lake are very different habitats.

**DAY 2**

Answer: Amphibians live on land and in water.

**DAY 3**

Answer: They are learning a lot about different species.

**DAY 4**

Answer: An ecosystem contains living and nonliving things.

**DAY 5**

Answer: Nonliving things include air, light, water, rocks, and soil.
DAY 1
Producers uses energy to make their own food through photosynthesis.

DAY 2
Consumers eats other organisms.

DAY 3
Both herbivores and omnivores consumes plants.

DAY 4
A food chain usually start with plants.

DAY 5
A snake slide through the grass.
DAY 1

Answer: Producers use energy to make their own food through photosynthesis.

DAY 2

Answer: Consumers eat other organisms.

DAY 3

Answer: Both herbivores and omnivores consume plants.

DAY 4

Answer: A food chain usually starts with plants.

DAY 5

Answer: A snake slides through the grass.
Day 1
Sam Gribley carved the hook careful.

Day 2
In streams, fish usual gather in pools of calmly water.

Day 3
He walkt past the prickly bush slow.

Day 4
The stream always flow quiet.

Day 5
Sudden, he caught a trowt
**DAY 1**

**Answer:** Sam Gribley carved the hook carefully.

**DAY 2**

**Answer:** In streams, fish usually gather in pools of calm water.

**DAY 3**

**Answer:** He walked past the prickly bush slowly.

**DAY 4**

**Answer:** The stream always flows quietly.

**DAY 5**

**Answer:** Suddenly, he caught a trout.

Answer: Shirley became nervous when her teacher gave her a letter for her mom.

Answer: Her teacher thought Shirley needed glasses because she blinked so much in class.

Answer: Shirley blinked when the teacher smiled at her.

Answer: Shirley showed her parents the note before she went to bed.
### DAY 1
People sometimes move because a member of the family takes a new job.

### DAY 2
In other cases, people move because they need more space.

### DAY 3
Many people who move remain in the same county;

### DAY 4
If the current trend continues, more people live in the South than in the Northeast.

### DAY 5
Before 1998, Americans move shorter distances,
**DAY 1**

**Answer:** People sometimes move because a member of the family takes a new job.

**DAY 2**

**Answer:** In other cases, people move because they need more space.

**DAY 3**

**Answer:** Many people who move remain in the same county.

**DAY 4**

**Answer:** If the current trend continues, more people will live in the South than in the Northeast.

**DAY 5**

**Answer:** Before 1998, Americans moved shorter distances.
Americans living in the United States had most freedoms than those living in Texas.

Texas is not the most big state in the united States.

Alaska is the only state that is big than Texas.

Relations between the Texans and the Mexican government grew worsener than they had been.

After Santa Anna became a dictator, he was even unpopularer.

Americans living in the United States had most freedoms than those living in Texas.
**DAY 1**

**Answer:** Texas is not the biggest state in the United States.

**DAY 2**

**Answer:** Alaska is the only state that is bigger than Texas.

**DAY 3**

**Answer:** Relations between the Texans and the Mexican government grew worse than they had been.

**DAY 4**

**Answer:** After Santa Anna became a dictator, he was even more unpopular.

**DAY 5**

**Answer:** Americans living in the United States had more freedoms than those living in Texas.
The siege of the Alamo was the bloodier battle of the Texas fight for independence.

At Goliad, the Mexican army killed the townspeople after they surrender.

When Texas declared its independence, things didn’t instantly become easiest.

In the Battle of San Jacinto, the Mexican army was biggest then the Texas army.

The Texas army fought most effective than the Mexican army.
**DAY 1**

**Answer:** The siege of the Alamo was the bloodiest battle of the Texas fight for independence.

**DAY 2**

**Answer:** At Goliad, the Mexican army killed the townspeople after they surrendered.
