3 Power Writing: An Editorial

(Sample answer)

I'm against smoking in public places. I don't think smokers should be allowed to endanger other people's health. In the past, nothing was done about this issue. Smoking was permitted in restaurants, shopping malls, and airports. Many non-smokers were exposed to secondhand smoke. However, since 1989 restaurants in New York have been required to have separate smoking and non-smoking sections. In New York City, a law was just passed banning smoking in all workplaces, including restaurants and bars. Now a ban on smoking is being enacted in all of New York State, and it will soon be enforced. If you ask me, smoking should be banned in all states in the U.S. and by national governments everywhere.
