

Friends

Hello members of the Friends Club!

I'm a new member of the club. My name is Julie. My classmates are members of the club too. There are twenty-five children in my class. There are fifteen girls and ten boys.

I'm twelve years old and I'm from Montreal in Canada. I've got a very big family. I've got a mum and dad, a brother and a sister, two grandmothers and one granddad. And I've got two uncles, three aunts, eight cousins and a dog called Lucky!

I've got a puzzle for the Friends Club members.
