TEACHER'S NOTES:

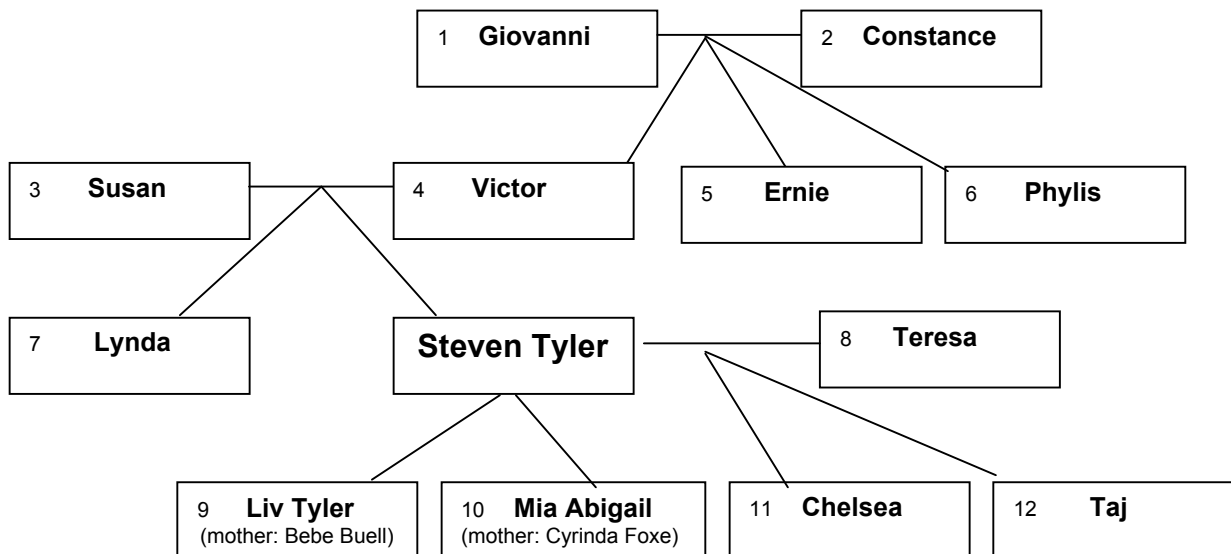

Module 2 You and yours

Aim: For students to find out information about a famous person's family. To revise possessive 's and family vocabulary.

Time: 40 minutes.

Materials: Photocopies of the worksheet for each student.

- 1 Ask students if they remember Steven Tyler from page 22 of the Students' Book and if they know anything about the group Aerosmith.
- 2 With the blank family tree, ask the students who each of the numbers would be in relation to Steven e.g. *number 8 is Steven's wife*. Check that the students have found the information about Steven Tyler's family and are filling in the family tree correctly. Some of the family members are not relevant for the family tree. Check the answers with the class.

- 3 Students can then complete the sentences below the family tree for further practice.

a Liv is Steven's daughter .	f Taj is Liv's brother.
b Giovanni is Steven's grandfather .	g Ernie is Steven's uncle.
c Victor is Steven's father .	h Teresa is Steven's wife .
d Chelsea is Steven's daughter .	i Susan is Steven's mother.
e Steven is Lynda's brother .	j Taj is Steven's son .
- 4 If you have time, ask students to search the site for other interesting information about Steven Tyler and to share this information with a partner. Get feedback from each student.
