Module 6 Time off

- 1 You are going to find out information about hotels on a website which specialises in last minute bookings. You are going to find information about hotels for 2 adults for two weeks in three countries you are interested in visiting.
- 2 Type in: www.lastminute.com. When the main page appears, look at the list on the left of the page. Click on **Hotels**. When the Hotels page appears look at the **Search** box. In the search box you can select the countries where you want to look for hotels. Browse the countries and choose three that you are interested in visiting.
- 3 Select the date you want to check in and the number of nights you want to stay and then press the **Search** button. When the list of hotels appears, you can press **Search again** and then select the price you want to pay by clicking on **Price:** and selecting an option. Choose the type of hotel by clicking in the boxes under **Star rating:** with the stars you want the hotel to have. When the list of hotels appears again, you can find more information about each hotel by clicking on **Hotel details**.

TEACHER'S NOTES:

Module 6 Time off

Aim: For students to find information in English about different hotels on the Internet. This worksheet leads on from the theme of the unit (holidays).

Time: Approximately 45 minutes.

Materials: Photocopies of the corresponding worksheet for each student.

- 1 Tell students they are going to find out information about hotels on a website which specialises in last minute bookings.
- 2 Check that students have found the correct page and that they have opened the Hotels section by clicking on **Hotels** from the list on the left of the page. Make sure students have found the **Search** box and that they have selected three countries they are interested in visiting.
- 3 Students select the date they want to check in and the number of nights they want to stay. It is a good idea for them to select a date at least a week in advance because it will be easier to find an available hotel. After they press the **Search** button, the list of hotels appears. After they press **Search again**, they also can select the price by clicking on **Price:** and selecting an option and the type of hotel by clicking in the boxes under **Star rating:**. When the list of hotels appears again, they can find more information about each hotel by clicking on **Hotel details**.
- 4 Students complete their side of the table with the information about their hotels. They then talk to their partners and exchange information about the hotels and completing the other side of the table.
