

Module 2 You and yours

1a What are these things? If you need to, you can look at page 19 again.

- a You use this to take photos.
- b You can use these to open doors.
- c You keep money in this.
- d You use this to check words you don't know.
- e You put these on a letter.
- f You can pay with this, but it isn't money.

b Now write definitions for other things you can see in the picture on page 19.

2a Complete the spaces.

- Your mother's mother is your _____.
- Your father's brother is your _____.
- Your father's sister is your _____.
- Your sister's son is your _____.
- Your sister's daughter is your _____.
- Your mother and your father are your _____.
- Your aunt's children are your _____.
- Your son's daughter is your _____.
- Your son and your daughter are your _____.

b How many of these relations do you have? Tell your partner which ones.

3a Read this text about the British Royal family.

Queen Elizabeth II is married to Prince Philip, Duke of Edinburgh. They've got three sons (Charles, Andrew and Edward), one daughter (Anne) and seven grandchildren. Prince Charles, who is married to Camilla Parker Bowles, has got two children, Prince William and Prince Harry. Princess Anne has got a son and a daughter. Princess Anne's son's name is Peter and her daughter's name is Zara. Prince Andrew is divorced and has got two daughters, Princess Beatrice and her sister, Princess Eugenie. Prince Edward is married to Sophie Rhys-Jones. Their daughter's name is Louise.

b Are these sentences true or false? If they are false, correct them.

- a Prince Philip is the queen's husband.
- b The queen has got three daughters and one son.
- c The queen's daughter's name is Anne.
- d Prince Charles has got two daughters.
- e Prince William's brother's name is Peter.
- f Zara's grandfather is Prince Philip.
- g Princess Beatrice's sister's name is Louise.
- h Prince Edward's wife is called Sophie.

TEACHER'S NOTES:

Module 2 You and yours

This worksheet is designed to be used when students have completed pages 18–23.

1a Ask students to work out what the objects are from the definitions.

- | | |
|---|----------------------|
| a You use this to take photos. | a camera |
| b You can use these to open doors. | keys |
| c You keep money in this. | a wallet |
| d You use this to check words you don't know. | a dictionary |
| e You put these on a letter. | stamps |
| f You can pay with this, but it isn't money. | a credit card |

b Monitor closely as students write definitions for other things on page 19. Students can read their definitions to the class. The other students can guess what object is being described.

2a Get students to fill in the vocabulary.

Your mother's mother is your **grandmother**.
Your father's brother is your **uncle**.
Your father's sister is your **aunt**.
Your sister's son is your **nephew**.
Your sister's daughter is your **niece**.
Your mother and your father are your **parents**.
Your aunt's children are your **cousins**.
Your son's daughter is your **granddaughter**.
Your son and your daughter are your **children**.

b Ask students to tell their partners which of the family members they have. Encourage them to give extra information about each family member.

3a Get students to read the text, individually.

b Ask students to mark the statements true or false and to correct the false statements. They can compare with a partner before you get class feedback.

- a Prince Philip is the queen's husband. **T**
- b The queen has three daughters and one son. **F She has three sons and one daughter.**
- c The queen's daughter's name is Anne. **T**
- d Prince Charles has got two daughters. **F He has got two sons.**
- e Prince William's brother's name is Peter. **F Prince William's brother's name is Harry.**
- f Zara's grandfather is Prince Philip. **T**
- g Princess Beatrice's sister's name is Louise. **F Princess Beatrice's sister's name is Eugenie.**
- h Prince Edward's wife is called Sophie. **T**
