

NEW CUTTING EDGE

UPPER INTERMEDIATE

Module 4 – The mind

1 Divide these adjectives into two groups, positive and negative.

emotional intuitive bossy co-operative aggressive
self-confident stubborn articulate practical sympathetic

+	-

2 Beside each adjective write the name of someone you know who possesses that quality. Tell your partner about these people.

3 Which of these things can you do yourself? Which would you get done for you?

iron my clothes	clean the windows
redecorate the kitchen	fix the washing machine
cut a new set of keys	unblock the sink
cut my hair	check my blood pressure
wash my car	make my bed
paint my house	test my eyes

4 Compare your answers with your partner.

5 Write six sentences below, saying when you last had some of these things done.

1 _____

2 _____

3 _____

4 _____

5 _____

6 _____

NEW CUTTING EDGE

UPPER INTERMEDIATE

Module 4 – The mind

Teacher's notes

This worksheet is designed for use after completion of the module.

- 1 Students divide the adjectives into two groups, positive and negative. If they need to check the meanings, students can check the definitions on page 41 again. The answers may depend on each student, but here is a possible answer:

+	-
intuitive co-operative self-confident articulate practical sympathetic	emotional bossy aggressive stubborn

- 2 Students write the names of people they know beside each adjective. They then tell their partners about these people.
- 3 Students decide which of the jobs they would do themselves and which they would have done for them. Answers will vary according to the students.
- 4 Students tell their partners which of these things they would have done for them and which they would do themselves. While doing so there are opportunities for students to use *have/get* something done.
- 5 Students write six sentences about the last time they had some of these things done for them.
