TEACHER’S NOTES:

Aim: to practise and consolidate key vocabulary; daily routines/activities.
This warmer is designed to be used in conjunction with unit 1.

Time: 40 minutes maximum

Materials: photocopies of the worksheet for each student.

1. Ask students to unscramble the words/phrases 1-6. Then check answers.

Answers: 1 wake up  2 sleep  3 have a nap  4 do exercise  5 watch TV  6 do nothing

2. Ask students to write six complete sentences using the words/phrases in Ex. 1. Elicit answers from the students and encourage peer correction.

Example answers: 1 I usually wake up at 7.30am.  2 I fall asleep between 11pm and 12pm.  3 I sometimes have a nap at the weekend.  4 I do exercise when I have time.  5 I never watch TV in the morning.  6 Sometimes it’s great to sit down and do nothing!

3. Students work in pairs. Give each pair a copy of the activity. Explain that each line can be completed with a phrase from the Students’ Book unit 1 page 5, however this must be done without the aid of their books. Working together, they decide what the phrases are, then write them in the grid. If they do this correctly, they will reveal a three-word phrase in the shaded vertical strip. The first pair to identify this is the winner.

4. Students’ own answers. Check answers by asking the pair with the most sentences to read theirs out.
