

Learning vocabulary requires a great deal of effort from students.

To help with this task, at the lower levels of *New Total English* there is a strong emphasis on building learners' knowledge of high-frequency words and phrases as well as common lexical sets. From intermediate onwards, there is a greater emphasis on vocabulary systems and word-building.

In addition, each level of the course comes with free access to the on-line Vocabulary Trainer designed to help students acquire and retain new vocabulary. It also helps students obtain the knowledge that they need to use these words productively.

For more information go to:
www.pearsonlongman.com/newtotalenglish

The Vocabulary Trainer makes learning vocabulary a fun and engaging activity outside of the classroom.

Students can...

- test knowledge of words that are studied in class
- test meaning, spelling, grammar, collocation and use
- add words they have learned to their own personal vocabulary list
- revise and memorise key vocabulary from the course

The course comes alive on screen with the *New Total English ActiveBook*, a complete digital version of the *Students' Book*.

It includes easy navigation of *Students' Book* pages with zoom in facility and all video and audio available at the touch of a button

ActiveBook which comes with the *Students' Book* also includes all the video clips which can be played on a DVD player or on a computer.
