TEACHER'S NOTES:

Find the word!

Aim: This fun warmer can be used to consolidate key vocabulary from unit 2, first by searching in the word searcher and then using the words to make sentences in part 2.

Time: 40 minutes

Materials: photocopies of the worksheet for each student.

- 1 Check that all students understand how a word search works and then do the first one with them. Create some excitement by giving setting a time limit of ten minutes to see if they can find all the words in time.
- 2 There are seventeen words remaining, and at this point students could work in pairs to create the seventeen sentences. Monitor their work, and correct all the grammar mistakes. If there are any spelling mistakes just underline them and get the students to double check either against the words above or in unit 2 of the Students' Book.
