

The Course that produces results

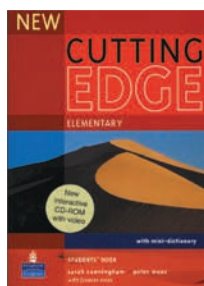

New Cutting Edge editions retain the ingredients that have made this series so popular and introduce new features. Real life sections give useful practice in areas such as travel, form filling and shopping.

Each **Student's Book** is divided into topic-based modules with additional consolidation material and has a **Free Mini-Dictionary**. There are also language summary sections, verb tables and tape scripts at the back. The **interactive CD Rom** contains Real Life audio/video sections where students can practice their skills. The **Teacher's Resource Books** include thorough teaching notes, photocopiable activities and a **FREE Test Master CD Rom**.

FREE correlations to the ESOL curriculum **AND FREE** Cutting Edge Photocopiable Resources specifically for Entry 1 – Entry 3 Citizenship, literacy, numeracy, functional language and practical skills for life tests.
