

## Colourful World Domino Game

Divide the class into pairs. Give the worksheet to each pair and ask them to cut up the dominoes. Then ask students to shuffle them and take half the dominoes each. Students decide who starts. One student lays a domino on the table and the other student lays a matching domino if he/she can. If not, the first student lays the matching domino. The student who uses up all his/her dominoes first, wins.
